At last, with the original Show-me® drywipe boards, you can get a class full of answers to a 'hands-up' question, instead of asking just one or two children.

You can see from the picture how it works. The teacher calls 'SHOW-ME!' and gets an answer from everyone at once. This means you can spot mistakes or slow responses instantly. And the children love using them!

**EVERYTHING  
YOU NEED IN  
ONE PACK!**

Here is just one example of the many uses of Show-me® boards:

**Step  
1**

The teacher writes the question on the whiteboard and tells the class to write their answers on their Show-me® Boards. The teacher then says "When I say 'SHOW-ME', I want all of you to put your boards in the air."

**Step  
2**

The pupils then write their answers on their boards...

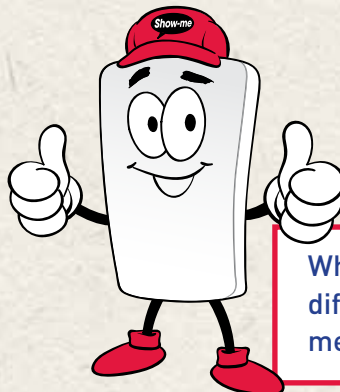

**Step  
3**

"SHOW-ME". All boards go up. The teacher can now see every answer. From that the teacher can analyse the speed of each child's response and can easily pick-out incorrect answers. Shy pupils will now participate in group sessions!

**Step  
4**

Erase answer with your Show-me® eraser and answer the next question. Use over and over again.

Why not incentivise your class to complete that difficult exercise with the promise of a Show-me® board activity at the end? It always works.

Easy-fit lid - ideal for children    Extra-hard nib - will not quickly splay out    24 hour cap-off time    One piece capless barrel

Low odour xylene-free ink with safety air-flow cap    Nib-stop to prevent tip from being pushed into barrel    High capacity ink reservoir: writes for longer

### Show-Me Slim Barrel Drywipe Pens
