FURNITURE COLLECTION
3RD EDITION 2023-24

Maxim
OFFICE GROUP

CONTENTS

Greetings,

We are delighted to announce the release of our latest collection, the 3rd Edition Furniture Collection for 2023-2024. Maxim Office Group has been a trusted supplier of office and classroom furniture for over 25 years, and we are proud to continue serving you with high-quality products and exceptional service.

Our team of experienced Furniture Consultants is available across NSW, VIC, and the ACT to visit your school, discuss your requirements, and take precise measurements of your spaces. Additionally, we offer innovative 3D design services that will help you visualize your ideas before making any decisions.

Whether you need a simple classroom chair or a complete transformation of your learning spaces or staffroom, Maxim is here to assist you. Our extensive range of furniture options ensures that you will find the perfect solutions to meet your needs and enhance your educational environment.

To begin your journey towards creating bright and inspiring spaces, contact us today. We are eager to provide our expertise and support.

Thank you for considering Maxim Office Group. We are excited to be part of your project.

Warm Regards,

Rick Dunn
Sales Director

FREIGHT POLICY

All furniture in this catalogue is delivered Free to Ground Floor to Sydney Metro, Riverina, Central West, ACT and Melbourne Metro. For delivery to all other states or regional areas, a quote for freight will be provided.

DISCLAIMER

All prices shown are excluding GST and are valid until 31st March 2024 or until the next edition is printed.

Colour swatches for various products are presented throughout this catalogue and are intended as an approximate guide only. Actual colours may vary. Variations in product photography, print process and monitor calibration can affect how product colours are represented.

DESIGNING YOUR LEARNING SPACE
WITH MAXIM OFFICE GROUP

Maxim is here to help you with your next furniture project. We work closely with schools to help achieve the perfect solution for both students and staff. Let us help you optimise your classrooms, breakout spaces, staffroom, office space and library to the maximum.

Below are our 5 stages of design:

1. **Discovery**   What resources do you currently have and what areas are there for improvement?
2. **Inspiration**   What ideas would you like incorporated into the design?
3. **Design**   We will create interactive 3D projections of your chosen designs.
4. **Review**   We will meet with you again to review the design and ensure it meets your needs.
5. **Finalise**   The necessary changes will be made to deliver your perfect solution.

SEBEL POSTURA MAX

Students won't want to sit on anything else! Loved by over 11,000 schools and more than 5 million students since its creation, the Postura is the biggest selling classroom chair in the world. Proudly over engineered to be the best, the Postura Max is the latest design member of the family. With 6 additional features compared to the original, the Max is even more comfortable and ultra-durable than its ancestor.

NEW!

SEBEL POSTURA MAX RECYCLED CHAIR

This chair moves the dial on sustainability. The best-selling school chair Postura Max was taken and remade with post-consumer recycled plastic from Australia. Recycled plastic makes up around 97.5% of the material composition and gives the chair a subtle speckled finish.
• Extra-large lumbar air ventilation in the backrest.
• New flexing air bridge supporting the chair.
• Anti-rocking system, designed to resist rocking backward.
• Stacks up to 12 chairs high.
• Stacked chairs can easily be moved using the Postura Trolley.
• Currently only available in recycled slate.

MOBILE STORAGE RANGE

sebel

Brighten your learning environment with Sebel's flexible, functional and colourful Mobile Tote & Bag Storage Range. One storage unit can be arranged and re-arranged again and again for teaching materials, personal storage and bag storage. Castors provide smooth mobility allowing storage units to be moved easily for use as room dividers, with 900h & 1060h options for student 'stand-at' benching.

• A range of configurations provide variety including double, triple and quadruple units with an assortment of tray combinations.
• Tough, functional and stackable tote trays are available in 3 depths and a range of colours.
• All trays are fully interchangeable between units.
• All trays and additional shelves can be ordered separately so that trays and shelves can be swapped-out at any time.

COMPACTUS FILING SYSTEMS

The smart hand-operated compacting storage system specifically designed for office deployment. Get the most out of your precious floor space while improving inventory and file access through better organisation. Compactus configurations offer high capacity storage at almost half the floor space of typical filing cabinets.

Welded pre-fabricated steel base modules mean that there's no need for floor preparation, and adjustable feet compensate for uneven floors. Welded steel box sections are supported by crowned load wheels fitted with ball bearings for ease of movement and horizontal lateral guide wheels prevent cabinets from tipping.

All Compactus units are fitted with a standard single-point, internal, key-activated locking mechanism fixing into the platform base, with an optional overhead locking system available for greater security.

Contact Maxim for a quote on your desired configuration.

BROWNBUILT ROLLED-UPRIGHT SHELVING

Brownbuilt's "Rolled Upright Type" (RUT) Shelving System has become the standard for light to medium duty warehouse storage since its conception in the 1930's. RUT storage shelves are roll-formed from premium pre-painted steel, to ensure durability and engineering integrity for warehouse storage applications, with a choice of standard colours (Wild Oats and Silver Grey).

ROLLED UPRIGHT TYPE SHELVING BENEFITS

Brownbuilt RUT shelving is a fully featured quality range that bears testimony to years of development and experience in providing innovative and flexible solutions for light and medium duty storage requirements:

- Durable metal construction
- Range of bay constructions to suit storage needs
- No raw edges to damage stored products
- Solid bolted construction and ease of assembly
- Simple clip shelf support system
- 25m vertical shelf adjustment
- Multiple front and rear clip positions for independent bay shelf positions
- Close-fitting shelves to prevent stock damage or loss
- Applications based shelf load capacities
- Single or double-sided shelving configurations
- Wide range of heights, widths and depths
- Brownbuilt Select customised storage solutions
- Wide range of storage accessories
- Durable colourbond paint finish
