

FURNITURE COLLECTION

2ND EDITION 2022-23

Greetings,

We are very pleased to bring to you our 2nd Edition Furniture Collection 2022-23. Maxim Office Group has been involved with the supply of office and classroom furniture for over 25 years.

We have a team of Furniture Consultants across NSW, VIC and the ACT who are able to visit your school to discuss solutions and to measure up your spaces. We also offer 3D design services to help you visualise your ideas.

From a basic classroom chair to a whole learning space or staffroom layout, Maxim can assist you. Contact us today to get started on your journey towards bright new spaces.

We look forward to being of assistance.

Kind regards,

Rick Dunn
Sales Director

DISCLAIMER

All prices shown are excluding GST and are valid until 31st March 2023 or until the next edition is printed.

Colour swatches for various products are presented throughout this catalogue and are intended as an approximate guide only. Actual colours may vary. Variations in product photography, print process and monitor calibration can affect how product colours are represented.

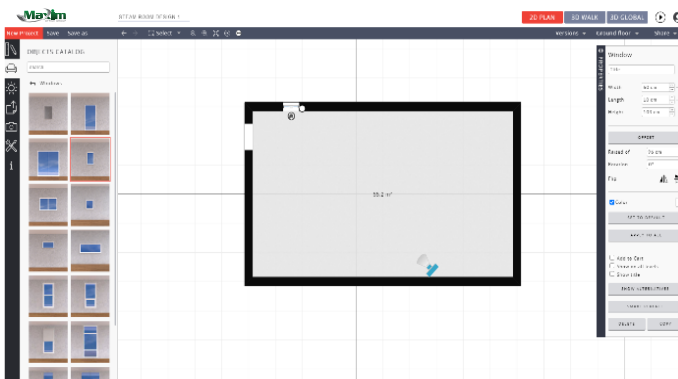

DESIGNING YOUR LEARNING SPACE WITH MAXIM OFFICE GROUP

Maxim is here to help you with your next furniture project. We work closely with schools to help achieve the perfect solution for both students and staff. Let us help you utilise your classrooms, breakout spaces, staffroom, office space and library to the maximum.

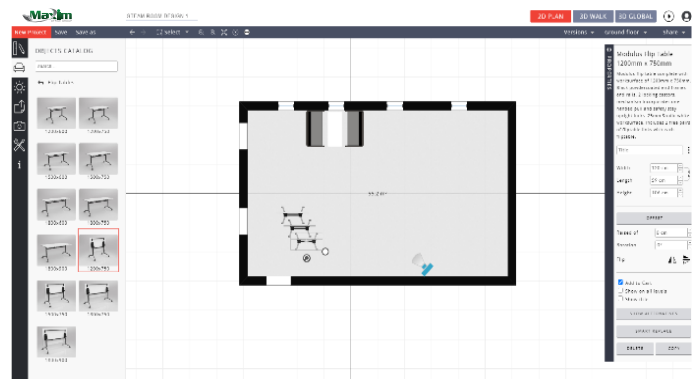

Below are our 5 stages of design:

1. **Discovery** What resources do you currently have and what areas are there for improvement?
2. **Inspiration** What ideas would you like incorporated into the design?
3. **Design** We will create an interactive 3D projections of your chosen designs.
4. **Review** We will meet with you again to review the design and ensure it meets your needs.
5. **Finalise** The necessary changes will be made to deliver your perfect solution.

AIRO HEIGHT ADJUSTABLE DESK

The AIRO height adjustable desk has a unique patented lift design that does not require any electric power or manual crank handle. Simply press the lift handle and quickly raise or lower the desk to your desired sit/stand height. No power point, not a problem — now you can situate your desk wherever you want in the room and as many as you require. Ideal for classrooms, workstations or personal office.

- Stylish and efficient, safe and versatile
- Unique patented lift mechanism
- AIR1200 features a unique silver aluminium 'shark nose' profile on the desktop front edge
- No messy cables or power point required
- No slow crank handles or electric motors
- Height adjustable from 700mm – 1130mm
- Supplied flatpack

TOTE TRAYS & CLASSROOM STORAGE

Maxim's range of classroom furniture and storage accessories is perfect for organising and storing classroom resources and having them readily available for students.

All plastic tote trays, tubs and book boxes are designed to withstand the rigours of classroom use and provide many years of colourful organisation.

Steel tote tray trolleys are powder-coated for durability and feature heavy duty lockable castors. The wooden top is reversible, providing a different colour on each side and allowing further customisation of classroom spaces.

MOBILE TOTE TRAY COLOUR RANGE

MOBILE TOTE TROLLEYS (WITH TRAYS)

Create a storage system that matches your classes colour groups or simply add vibrant colour to your learning environment. Featuring strong powder-coated steel construction, heavy-duty lockable castors and wooden top. Available in 5, 10 or 15 bay models. 10 tray colour options. Supplied flatpack.

ERMST16BLTS	16 Bay Tote Tray Trolley (includes trays)	\$888.18

MOBILE STORAGE RANGE

Brighten your learning environment with Sebel's flexible, functional and colourful Mobile Tote & Bag Storage Range. One storage unit can be arranged and re-arranged again and again for teaching materials, personal storage and bag storage. Castors provide smooth mobility allowing storage units to be moved easily for use as room dividers, with 900h & 1060h options for student 'stand-at' benching.

- A range of configurations provide variety including double, triple and quadruple units with an assortment of tray combinations.
- Tough, functional and stackable tote trays are available in 3 depths and a range of colours.
- All trays are fully interchangeable between units.
- All trays and additional shelves can be ordered separately so that trays and shelves can be swapped-out at any time.

COMPACTUS FILING SYSTEMS

The smart hand-operated compacting storage system specifically designed for office deployment. Get the most out of your precious floor space while improving inventory and file access through better organisation. Compactus configurations offer high capacity storage at almost half the floor space of typical filing cabinets.

Welded pre-fabricated steel base modules mean that there's no need for floor preparation, and adjustable feet compensate for uneven floors. Welded steel box sections are supported by crowned load wheels fitted with ball bearings for ease of movement and horizontal lateral guide wheels prevent cabinets from tipping.

All Compactus units are fitted with a standard single-point, internal, key-activated locking mechanism fixing into the platform base, with an optional overhead locking system available for greater security.

Contact Maxim for a quote on your desired configuration.

KINGFISHER LIBRARY SHELVING SYSTEMS

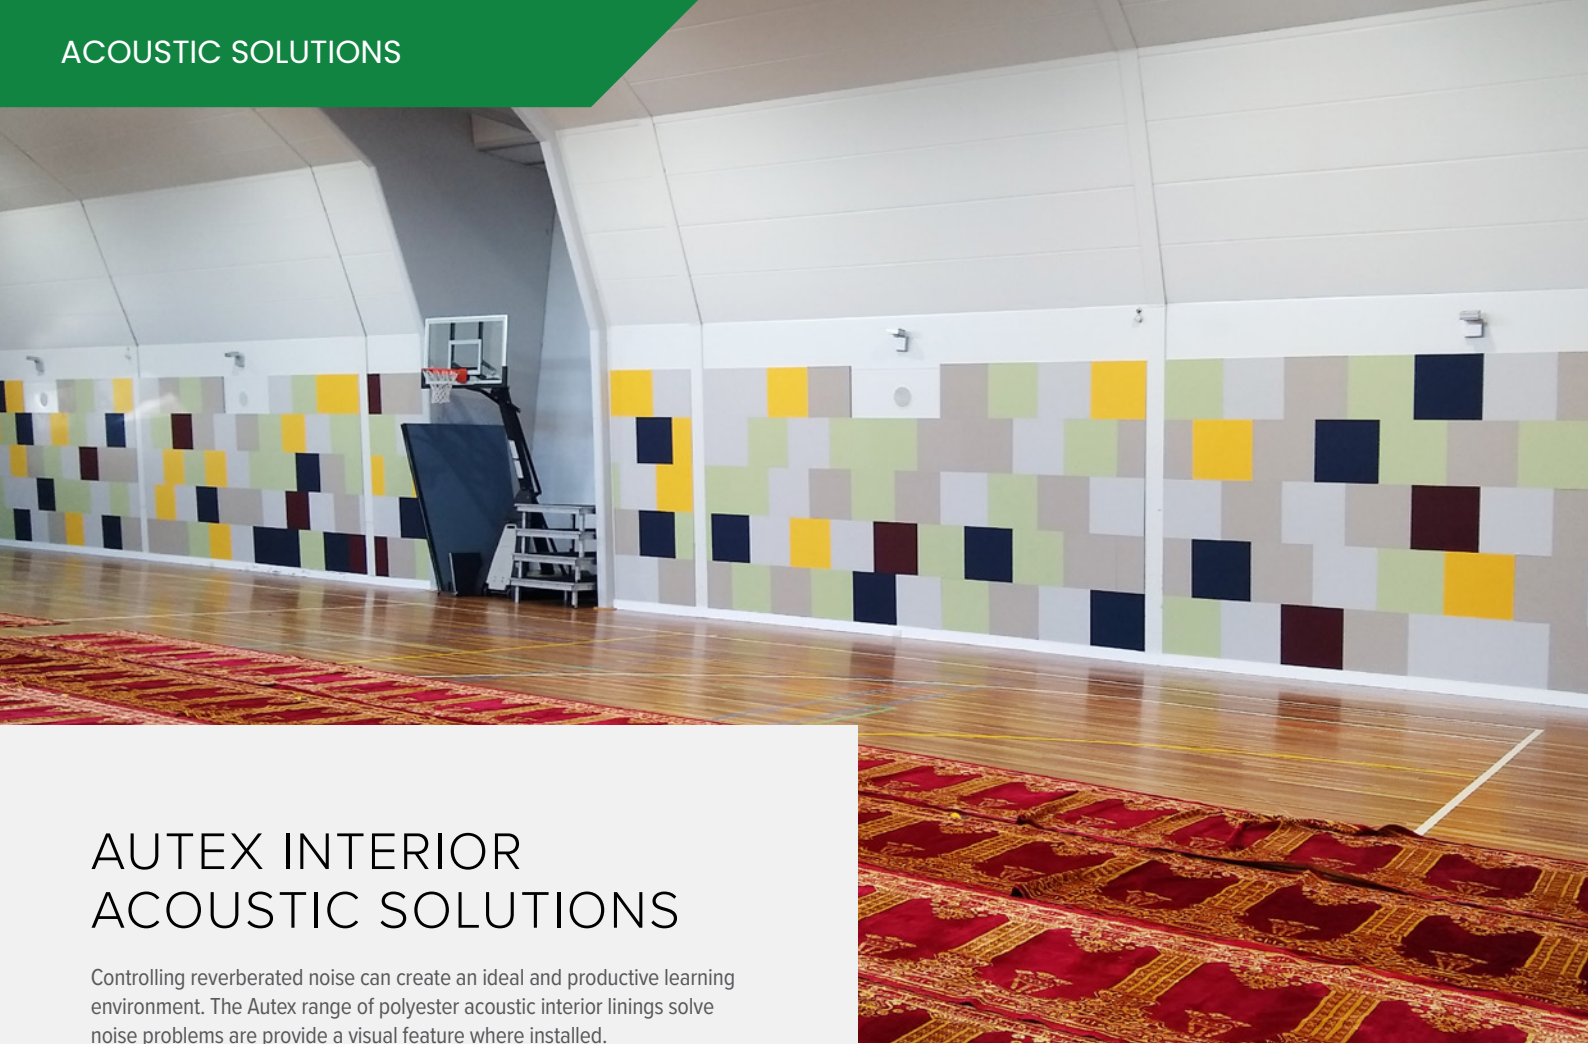

Kingfisher Metal Shelving is renowned Australia wide and has been Australia's first choice in library shelving, with Australian Design awards confirming a well recognised commitment to quality, durability and design superiority for over 50 years.

Manufactured to meet or exceed Australian Standard AS2226-1970 and with a lifetime materials and workmanship warranty, you can be confident that Kingfisher will stand up to intensive use in a busy library.

Contact Maxim to discuss options for your library fit-out.

MIX AND MATCH A WIDE RANGE OF SHELF OPTIONS TO CREATE VISUALLY INTERESTING DISPLAYS

AUTEX INTERIOR ACOUSTIC SOLUTIONS

Controlling reverberated noise can create an ideal and productive learning environment. The Autex range of polyester acoustic interior linings solve noise problems and provide a visual feature where installed.
